

CIVIC REPRESENTATION

EMPOWERING COMMUNITIES

As we continue to measure our impact in the future, our key equity metrics are measured on our annual co:census report card, where we publicly share a series of metrics related to diversity, equity, and community engagement across the projects our customers have launched on the co:census dashboard. The following five metrics are the cornerstones of our annual co:census report card:

627

of People Engaged on co:census via 9,447 data points. This brings our 18 month total of people engaged to 1,197 since we have launched.

50

estimated # of Distressed Communities Engaged. Read more about the metrics that identify [Distressed communities here](#).

DIVERSITY

Represented by language.

9

PROJECTS WERE LAUNCHED IN: FILIPINO, KHMER, SIMPLIFIED CHINESE, SPANISH, HAITIAN KREYOL, VIETNAMESE, PORTUGUESE, ARABIC, AND RUSSIAN.

STUDIES PRODUCED

Represented by customer policy outcomes.

4

PROJECTS LED TO POLICY CHANGES FOR: DOWNTOWN CONGESTION PRICING IN SF, VISION ZERO BAY AREA, OAKLAND FLEX STREETS & OAKLAND CIP.

BUILDING ON PROGRESS

We believe in the power of open data, so all data collected on our platform will be utilized for open data sets and owned by the public.

Developing our first open datasets to be published in 2022!

Brainstorming potential for a [DAO](#) to operate as our co:open data solution in 2023 and beyond!
